

## TSA Information for Landscape Technology

October 14, 2019

SAC Prefix and Name: **LAT – Landscape Technology**

Name of faculty member responsible for TSA reporting: **Jennifer Peters, LAT Dept. Chair**

**Description of TSA(s) in 300 words or less:** Student technical and industry competency is evaluated as a part of the cooperative education experience with industry employers after completing approximately 30 credit hours of industry-specific classes. Employers assess students as either 'Meeting' or 'Not Meeting' competency of approximately 20+ technical skills specific to the student's area of study in either landscape construction, landscape maintenance, or landscape design based on a comparison to entry level employees.

**Maximum score possible:** 100 % of the technical skills assessed as "Meeting".

**Benchmark score** (score that "meets expectations" for completing students): 70% of technical skills assessed as "Meeting".

**Clarifying notes:** N/A
